#### THE CITY. **DESECRATION OF LINCOLN'S** FAST DAY.

An Abolition Scallawag to Speak this Evening --- "A Humbug and a Bore" in Columbus.

There is an individual traveling around in this State, who says his name is "Col. James Trimble, of Nashville, Tennessee." He is understood to be in the employ of the Lincoln State Executive Committee, and was doubtless sent here by Andy Johnson, the Abolition candidate for the Vice Presidency. He makes speeches wherever he goes, denouncing Democrats as "Copperheads" and stigmatizing them as "secession sympathizers." He was at Circleville not them or discourage their use? No profeslong ago, and his speech there was so low and scurrilous as to even disgust the Abolitionists to such a degree that they pelted him with rotten eggs. From there he went to some of the counties adjacent, where he seems to have been equally unfortunate.-The following first-rate notices appear in papers of his own party down in Highland and Ross counties:

COL. JAMES TRIMBLE, OF TENNESSEE, "AND ALL THAT SORT OF THING."

Notwithstanding the flattering recommendations accompanying the above named gentleman, we are compelled, in justice to the community at large to write him down a humbug and a bore. He was greeted with a large and intelligent audience at the Bap-tist Church last Thursday evening, and acquitted himself with no credit whatever. The Colonel, like Peck Henry, may have had "good intentions, but most miserable bad luck," and we may add—"and all that sort of thing." How our friends at Hillsboro' could have recommended him so flatteringly, is a mystery we are unable to solve In this section we are warmly attached to the cause of the Union, and if we are to be enlightened, for God's sake send us better timber than Col. James Trimble, of Tennessee, "and all that sort of thing."—Greenfield and all druggists.

We copy the above notice of "Col. James Trimble, of Tennessee," from the Greenfield Union, and will only add that the notice expresses the opinion of those in this commuwho had the honor of making the

nity who had the honor of making the "Colonel's" acquaintance or hearing him speak his piece. He is a humbug and ought to be abolished.—Chillicothe Gazette.

After all this, the Lincoln Committee have the impudence and audacity to bring him to Columbus and announce him for a speech at the West Front of the State

THE DRAFT.—The Finance Committees of the sevaral wards of the city who are working to fill up their quotas, are requested to meet at the City Hall this evening at 8 o'clock for consultation.

APPEAL TO THE CITIZENS OF THE SEVENTH WARD.—It is hoped that this appeal to the citizens, and especially to those liable to perform military duty, will not be in vain. Therefore, let all such attend a meeting at Hetteshelmer's Hall, on Friday evening, August 5th, at 8 o'clock, to devise ways and means to fill the ward's quota under the President's last call. Committees will then report as to our quota, as to the tax levied by the City Council, as to the funds yet to be raised, and the labor required to exempt us from the draft. WE are apt to be free with our jokes upon Doctors and their drugs, until sick and in need of their aid, then all alike bow to the necessity of recourse to their hardearned and often ill-requited skill. The prevailing belief that physicians frown upon whatever deviates from their peculiar system and usages, arises from the fact that their better imformation leads them soonest to detect and discard the medical delusions and impositions that are thrust upon the community. That they are ready and prompt to adopt any really valuable invention is seen by the treatment Dr. J. C. Ayer's Chemical Remedies have received at their hands. They appreciate the value of these medicines because they know their composition, and where is the man who ever heard a respectable physician either disparage sion or pursuit has done more for the human tamily than the medical profession .-None is followed by nobler men or for nobler ends; nor is their one which better deserves the best thanks of mankind .- Canton (N.Y.) General Meade to be Relieved—The Cause of the Disaster at Petersburg-Defeat of the Rebels at Cumberland.

NEW YORK, Aug. 3.—The Herald's Washington special says it is currently reported that arrangements are in progress for again changing the commander of the Army of the Potomac. Meade is not mentioned in connection with any other command.

One of the principal causes of hesitation on the part of the troops, which led to the lisaster at Petersburg, was the belief that had they taken possession of the hill which they were expected to take, and which they could have taken, and which commanded the rebel works and town, and could have been held, had been mined by the rebels. For this reason the troops could not be in-duced to finish their work, and demoralization was created, which lost the fruits of victory when it was within their grasp.
The Tribune's special from Frederick at 9:30 last evening has the following confir-

mation of the reported defeat of the rebels at Cumberland: Gen. Kelly was attacked at Cumberland yesterday at 4 P. M., by a large force under Bradley Johnson and Mc-Causland. After a severe fight of several hours duration, he completely routed the enemy, capturing several caissons, a great many wagons, and a vast amount of plunder which they had stolen in Pennsylvania. The enemy is in full retreat towards Old Town, and Kelly is pursuing him.

Both the Tribune and World Washington pecials intimate that Hooker will succeed The Times' Washington special says Eli-jah Sells, late Secretary of State of Iowa, has been appointed 3d Auditor of the Treas-

From New Orleans---Gen. McClel-

New York, August 3.—By the steamer Yazoo, we learn that all the troops in New Orleans were suddenly sent up the river on the 26th. It is reported that the rebels were advancing on Morganzia, though it is not known that these troops have gone to that place. One thousand released Union pris-

oners had arrived at New Orleans.
The Commercial's Washington special says it is understood that an earnest appeal will be made to the President by leading Republicans to give General McClellan a command. It is urged that enlistments to the number of one hundred thousand would be secured in New York.

The impression gains ground that Hooker will have a most important command. It is becoming apparent to the War Department that the rebels are resolved on a vigorous campaign on the Upper Potomac, and are reinforcing Early strongly. SECOND DISPATCH.

Thomas P. May, editor of The Times and U. S. Sub-Treasurer, was arrested for villi-fying the Convention, and sentenced to ten lays confinement in the Parish prison. The Convention passed a resolution recommend-ing his dismissal by President Lincoln, and the suppression of his paper by the military authorities here. The commanding General, however, has released Mr. May from prison. He is accused in the public prints of using the bulletin board of The Times by putting up rebel accounts of reverses to Inion arms for working on the gold market. He is also charged with using his position as U.S. Treasurer, which gave him reat advantage, to further his own speculative purposes.

All the troops stationed here were suddenly started up the river yesterday afternoon. What the matter is no one seems to know, but rumor has it that the rebels are advancing on Morganzie, about twenty miles above Port Hudson.

A large number of Union prisoners have been exchanged, and they arrived here on Sunday last. There were one thousand in all. They were captured prior to the re-cent Red River campaign. A number of naval officers are among the prisoners. The prisoners have suffered terribly and arrived ere well nigh naked.

Interesting from Mexico.

NEW YORK, August 3 .- The steamer Roanoke, from Havana July 29th, has arrived with advices from Vera Cruz to the 23d. Several skirmishes have taken place near Mexico city. The Juarez forces had left Saltillo for Monterey, where Negrete has joined Juarez. Maximillian has decreed a French code of laws. A committee has been appointed to investigate the cause of the failure of the revenues to pay expenses of

Brownsville, Texas, advices state that the Federals have abandoned the whole frontier of the Rio Grande. Cortenas is raising a large force by paying one dollar in gold per day to the rebel deserters. The French hreaten to blockade Matamoras.

The Indians Committing Serious Depredations on the Santa Fe

St. Louis, Aug. 3.—We have advices from the plains to the effect that the Apache, Kiowa, Camanche, and Arapaha Indians, numbering nearly 1000, are committing serious depredations on the Santa Fe road. All horses, mules, and beef cattle, belong-ing to Fort Larned, also a number of private cattle, 130 horses of the Colorado battery, were captured within half a mile of that Fort on the 17th. In addition to this emigrant trains were robbed and destroyed, and altogether some 600 animals were run off. About twenty persons were killed and scalped. The Indians were threatening Fort Larned at last accounts, where but seventy-five men were stationed. Over \$100,000 worth of provisions had been given to these Indians at Fort Larned a few days before they committed these deeds.

Gen. Early's Headquarters at Winchester-Gen. Hooker Ordered to Report at Washington.

(Special to The Post.) WASHINGTON, Aug. 3.—Early's Head-quarters are at Winchester, and a detach-ment of rebel cavalry is still on the line of the Baltimore and Ohio railroad.

The War Department has assigned Gen. Emory to the command of the Nineteenth Corps. Gen. Hooker has been ordered to report at Washington without delay. The whole rebel army is now in front of

Fire at Evansville, Indiana. EVANSVILLE, Aug. 3.—Chandler's block in which is located the Postoffice, Adam' in which is located the Postoflice, Adam's Express, the gas office, Coolidge's fancy dry good store, Adam's photograph gallery, and a number of offices, was fired in the garret by some incendiary last night. The flames burst out this morning about six o'clock, and before they could be subdued, destroyed the upper portion of the building. The only loss was from water on the lower floors.

Gen. Hooker—The Rebel Loss 6000 in the Battle of the 20th.

in the Battle of the 20th.

Cincinnati, Aug. 3.—Gen. Hooker left here last night for Washington. The Commercial says his retirement from the army resulted from a feeling on his part that indignity was done him by the appointment of Howard to succeed McPherson.

The Atlanta Appeal of the 24th admits the loss of six thousand in the battle of the 20th, and says at the rate of fighting since Hood took command, the rebel army will be annihilated in three weeks.

Rebel Cavalry at Hagerstown. Washington, July 3.—Three hundred rebel cavalry visited Hagerstown last Friday, burning a train of cars and some freight. Gen. Early crossed the river the same day with 35,000 men, and on the return of this cavalry from Hagerstown, recreased the river. He now holds Martinsburg and surrounding country. From Vicksburg.

MEMPHIS, July 30 .- Vicksburg advices to the 29th, say a party of guerrillas attacked a leased plantation five miles distant, and destroyed everything on the place, shot eight negroes, six or whom died. Weather

The Jackson Mississippian of the 24th, says all communication with Atlanta is cut off. The bridge across the Pearl river, re-cently destroyed by Gen. Slocum, will be replaced in a few days.

The same paper contains the proclamation of Governor Clark, calling the Legislature to meet at Macon on the 3d of August, Jackson being in too much danger from the Federals. General Washburn is organizing new expedition, a most important one, which will be commanded by Gen. Smith Destination contraband. The Government warehouse on the levee was fired on Saturfay night by an incendiary. Damage slight.

A Propeller Aground. MILWAURIE, August 3.—The propeller Winslow ran aground in a dense fog and a

neavy sea this morning, at four o'clock, several miles above Milwaukie. Her pasngers came in on a scow to this city.-Help has been sent to rescue the propeller. Early's Force 35,000 Strong. New York, Aug. 3 .- The amount of subcriptions to the 5-30 loan reported at the

reasury Department to-day, amounts to 1.059,000. It is generally understood now that the orce which Early has in the valley is quite large, numbering at least 35,000 men. He s now engaged in thrashing wheat. Military movements not proper to publish are in progress, which will compel him to

hange his position shortly. The Star says Harry Gilmore was at Sheppardstown yesterday, with a small force. The Seventeenth Vermont, which joined the army on the 1st of May with full ranks, has but sixty men fit for duty.

Sr. Louis, Aug. 3.—The steamer Effic Deans arrived at St. Joe on Monday from the Upper Missouri. Three days before her arrival at Fort Bethold the Indians made three assaults on the fort, which were easily repulsed. Gen. Solly left for Fort Rich on the 17th. The Sioux nation were expected to have an engagement. The expedition was composed of two Minnesota regiments, 7th Iowa Cavalry, two companies of the Docatah volunteers, one hundred Nebraska counts, and four guns. The command took

thirty days rations. The remainder of Sully's forces left the garrison. Posts were established, six companies of the 3d Wisconsin at Fort Rice one at Fort Union, and the remainder of he regiment along the river.

Emigration had begun to arrive at the mines. Labor was so abundant that all could not find employment. Hundreds of trains were starting for California and Or-egon; others were preparing to return to

the States. Five steamers laden with Government freight had been ordered to Fort Benton by Gen. Sully. The remainder of the moun-tain fleet will probably be detained tid fall transporting Government supplies, large quantities of which were lying at different points on the river.

HEADQUARTERS ARMY OF THE POTOMAC. Aug. 1.—A flag of truce was permitted by the rebels from 9 to 5 to-day, to bury dead and bring off wounded. Very few were found alive, and of those who were alive several died last night. But few are expected to recover. The ground for two hundred yards was thickly strewn with dead. The greater portion were colored— one hundred and eighty of the latter and fifty-five whites were counted.

Johnson, Mahone, and Sands were on the field. The rebels buried their dead on their side of the line, and carried off their wounded. They claim to have twelve hundred prisoners, including the wounded.-They state their loss at 800, but this is no Gen. Bartlett and Col. Marshall are in Petersburg unhurt.

The rebel Generals A. P. Hill, Bushrod

A rumor prevails to-day that a force of rebel cavalry was seen moving on our left. but nothing has yet been developed in that direction concerning it. Some telegraph operators of the Ninth army corps were placed under arrest this

morning, and are to be tried by court mar-tial. They are charged with making known the contents of a dispatch to outside parties. NEW YORK, August 3.—By the steamer Bremen, from Southampton on the 20th of July, we learn that Garabaldi left Iscchia on the 19th for California. All the islands on the west coast of Schleswig are now in possession of the allies. Peace negotiations

will probably be commenced at Vienna on Liverpool, July 19. — Cotton steady; wheat advanced 1d; flour 6d; corn 6d.

The Londou Times publishes a letter from its correspondent at Richmond, July 14. le describes the battle of Spottsylvania as he bloodiest engagement known to civilzed times, and compares Gen. Grant to the Russian Gen. Suwarrow. He thinks the chances of Grant small indeed, and says his general callousness is estranging the confi-

lence of his troops.

On the other hand he declares that General Lee has inflicted, at the cost of less than 5,000 men, a loss to the Federal forces of

six times that number.

It is asserted that the Emperor Napoleon vill go to Baden to have an interview with the King of Prussia.

Louisville, August 3.-Correspondence to The Journal from Clarksville, says Col. Adam Johnson, with sixty rebels, crossed the Cumberland last Wednesday, sixteen miles below here. His men were dressed in Confederate uniform, and told the citizens they were from Atlanta. They in-quired for Col. Sypert, and learning he was near Henderson, went in that direction. This correspondent thinks Johnson came to take command of the Confederates, who are roving in the western part of Ken-tucky. He says there is a concentration of Confederate troops in the vicinity of Henderson; that Sypert has six or seven hun-dred men, and that Colonel, now Brigadier General, Woodward, is at Paris, Tennessee, sending small detachments into Kentucky

New York, Aug. 3 .- The steamer Yazoo brings the following: New Orleans, July 27.—On the 23d inst. a raiding party of Texans made their appearance opposite Natchez, and were soundly thrashed, losing several men and nearly all the horses. One hundred and thirty-five of the 2d and 18th Ill. cavalry crossed the Amite river thirty-five miles from Baton Rouge, and after proceeding twenty miles, met a force of three hundred mount ed rebels, killed twenty and captured four, besides one hundred and fifty stand of arms and all their ammunition, which was
